

WASTE WATER AND WATER SERVICE POLICY

Effective October 1, 2016 the owner of any property which has a structure which is, can be or has been inhabited and which has Water service available to it will be required to pay the Water service fee which is currently \$27.50 per month or \$82.50 per quarter.

After any structures which are, can be or have been inhabited have been demolished and all debris has been removed Water service will be discontinued. The Water service fee will be waived as of the first of the month following demolition and the removal of all debris.

All demolition and debris removal must be completed within 90 days from the start of demolition.

There may be a \$50.00 fee for disconnection of service.
